ARTISTIC METAL CEILINGS

*Page 11
Dear*

INTERNATIONAL
STEEL AND IRON
CONSTRUCTION
COMPANY

EVANSVILLE, INDIANA.

IN presenting this catalog to our patrons, we have selected but a few of our many designs suitable for all kinds, sizes and shapes of rooms—no matter for what purpose the rooms or buildings are intended.

**RE-PRESSED BEAD JOINTS AND DIE-CUT NAIL HOLES
ARE FEATURES OF VAST IMPORTANCE**

“Artistic” Metal Ceilings have these money saving features. Get a set of samples and test them—a postal card request will be the whole cost.

Plates and panels are true on all sides; perfect fitting and in true alignment and the nail holes register perfectly at every point. In erecting, the patterns can not get out of line; no nails have to be driven through the metal and the job is done better in much less time.

Aside from the above there will be no open joints—the bane of Architects, Owners and Ceiling Erectors.

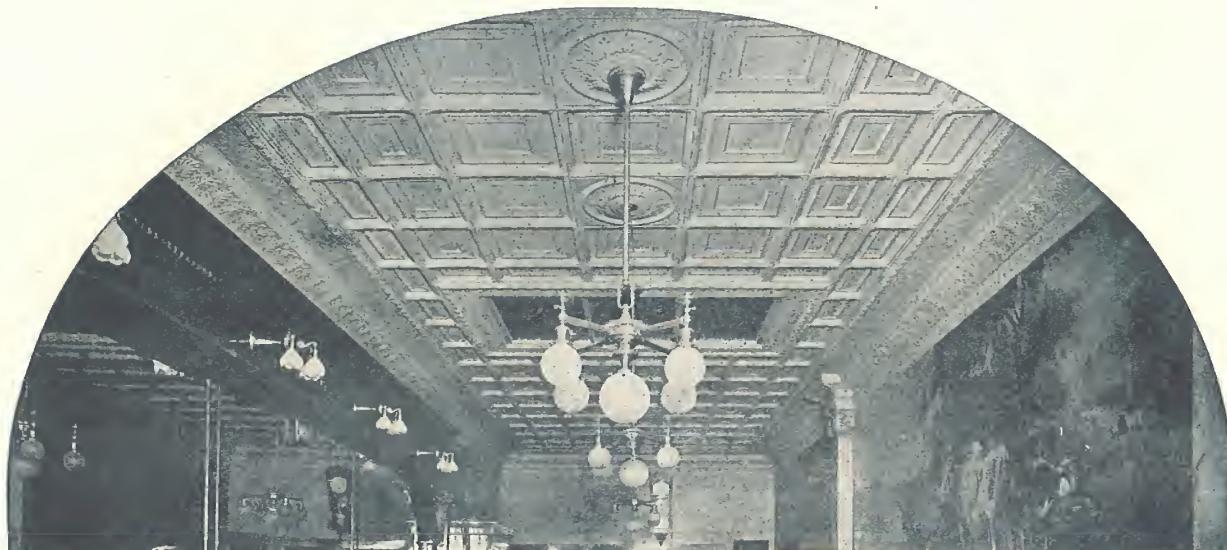

**ARTISTIC
FIRE PROOF
EASILY ERECTED**

**PERFECT FITTING
DUST PROOF
SANITARY**

**ECONOMICAL
VERMIN PROOF
PERMANENT**

Correspondence Solicited.

ARTISTIC METAL CEILINGS

Design 8132

The above illustration is but a single specimen of our product and workmanship. It will show the beauty and artistic effect, but actual service alone will show the economy and give entire satisfaction.

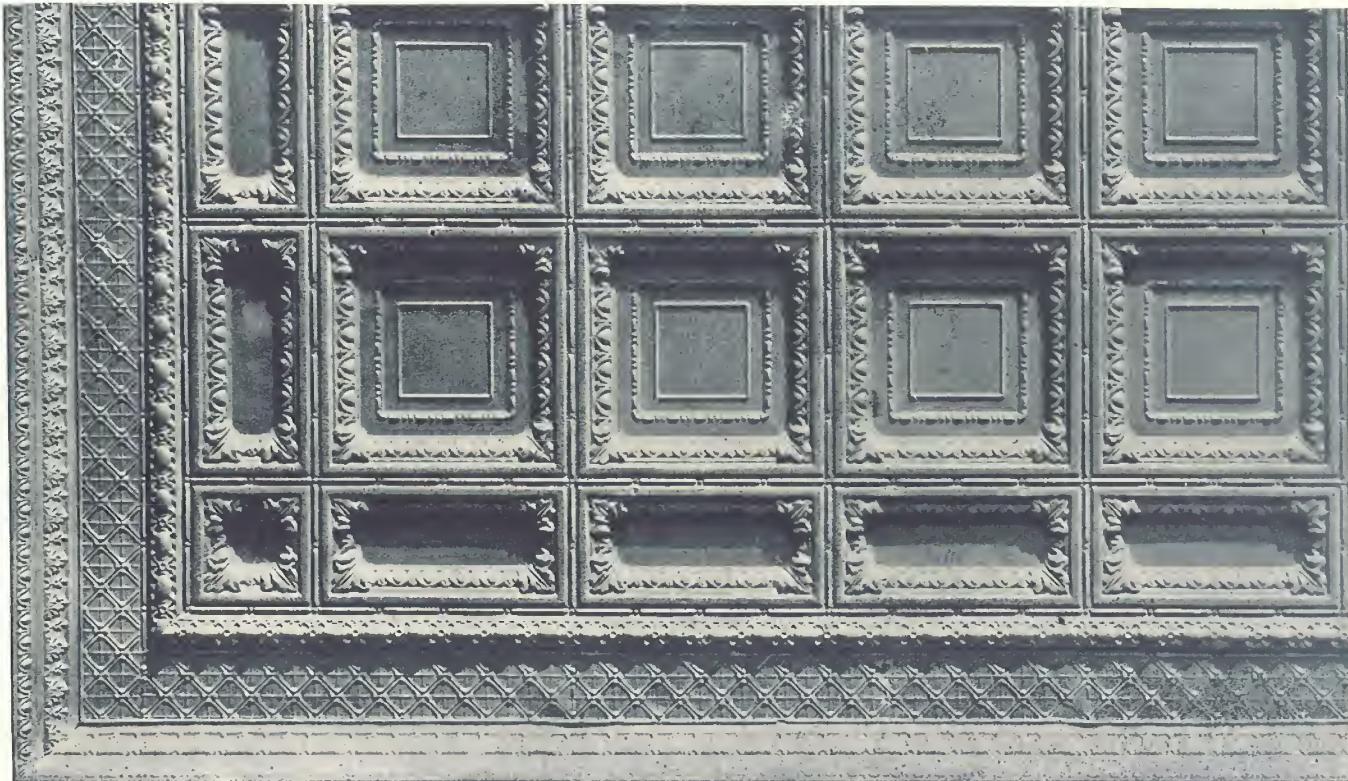

WORKING PLANS

SHOWING the arrangement of materials shipped, are furnished in all cases where diagrams of the rooms to be ceiled are given us, and detailed drawings showing the method of applying are made. If a diagram of the room to be ceiled is furnished, with the distances from point to point, and the size and shape of all offsets, openings and irregularities indicated, we will be able to make more intelligent estimates, and if desired, submit free of charge, a design for the approval of the customer.

In all cases inform us of the height of the room and the distance from the window and door casings to the ceiling, so that a cornice of suitable depth may be selected.

More satisfactory results may be obtained if some choice of design is indicated when inquiry is made. However, if customers express no preference, we will prepare an artistic arrangement of plates suitable for the shape of the room and the purpose for which it is to be used.

**THE INTERNATIONAL STEEL AND IRON CONSTRUCTION COMPANY
EVANSVILLE, IND.**

DESIGN NO. 8252

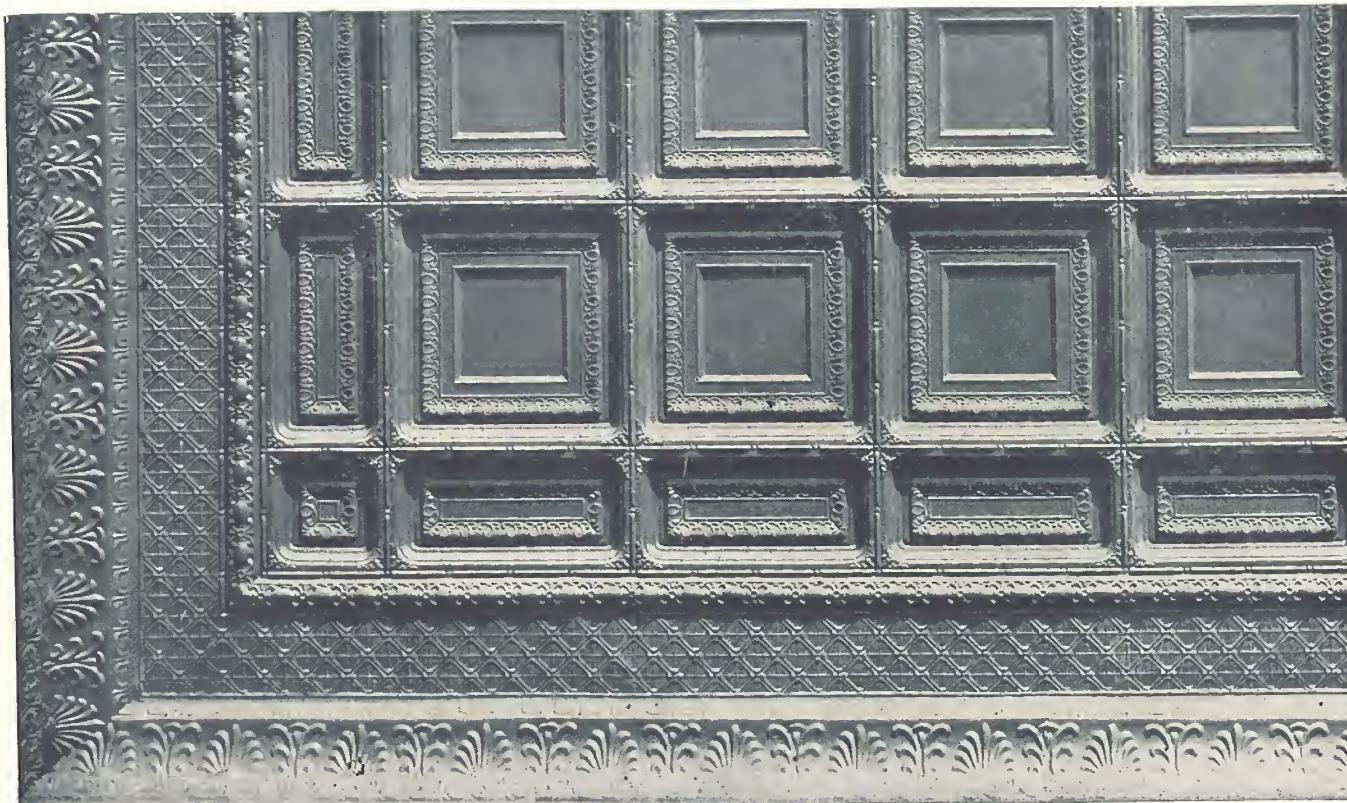

Composed of Cornice 4299, Filler 4674, Panels 4870, 4871, 4872

Average price \$9.75 per square, not including furring strips

Note—Price varies with size and shape of room

Re-Pressed Bead Joints and
Die-Cut Nail Holes

ARTISTIC METAL CEILINGS

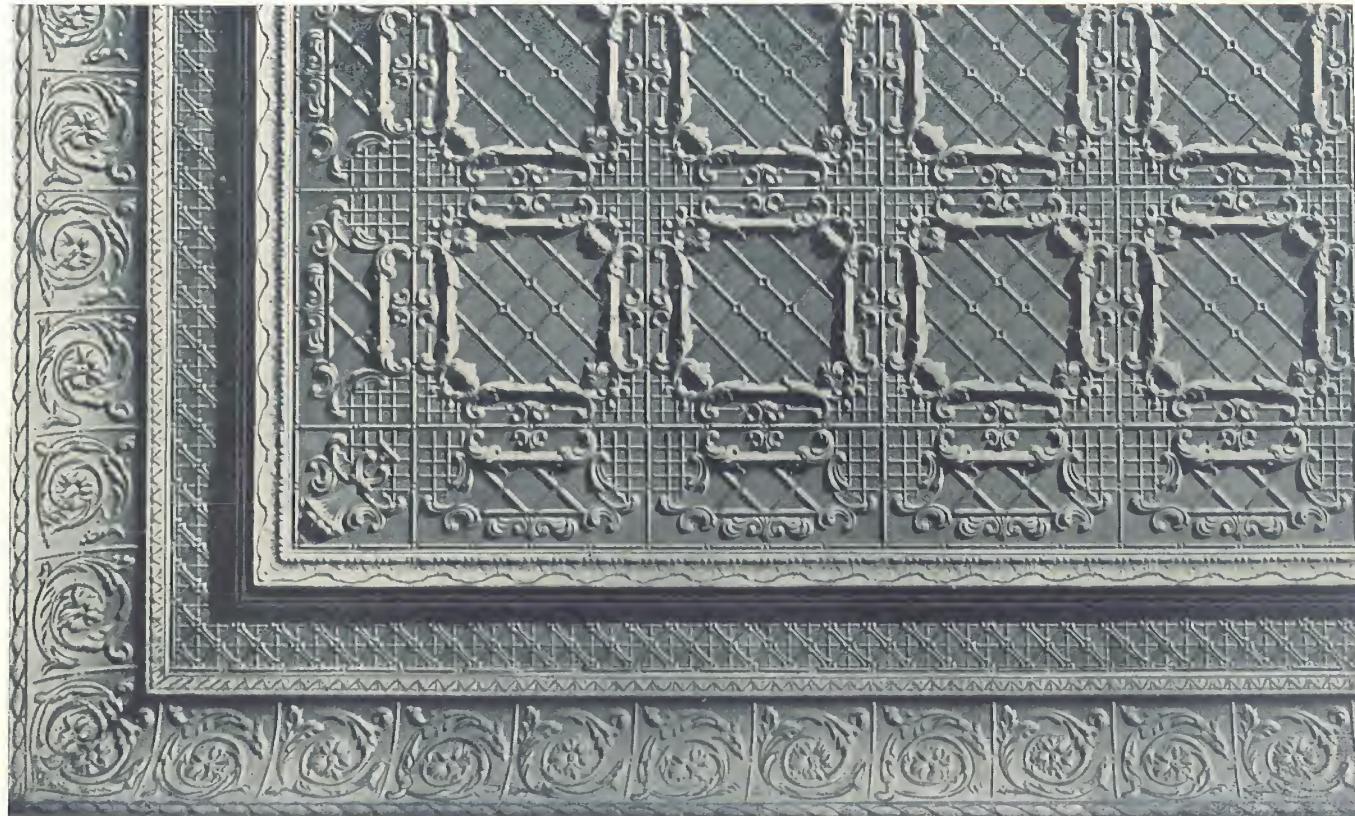

INTERNATIONAL STEEL AND IRON CONSTRUCTION COMPANY,
EVANSVILLE, IND.

DESIGN NO. 8132

Composed of Cornice 4221, Filler 4574, Field 4497, 4498, 4271
Average price (Standard Bead Joints) \$9.70 per square, not including furring strips
Average price (Interlocking Joints) \$11.40 per square, not including furring strips

Note—Price varies with size and shape of room
